

MAKING A FELT UNICORN HORN

FREE TUTORIAL BY LORI DESIGNS

This tutorial, instructions and diagrams are the copyright of Lori Designs 2016 © and may not be copied, or sold for profit. Private use only. If you are sharing this pattern online, include a link to Lori Designs facebook page.

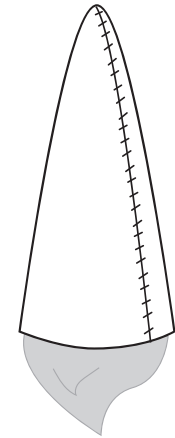

1. Cut a felt triangle with rounded point to the size required.

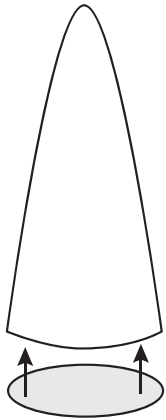

2. Fold in half. Thread needle with embroidery thread.

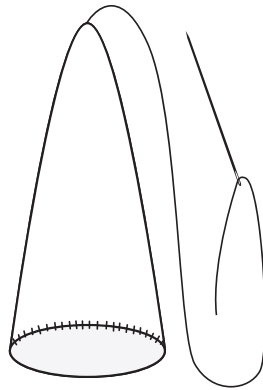

3. Use whip stitch to sew down the seam.

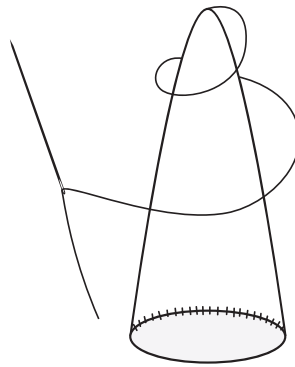

4. Stuff horn until firm using a skewer to get stuffing into the top.

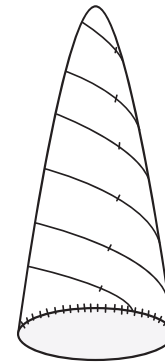

5. Cut a felt circle to fit base.

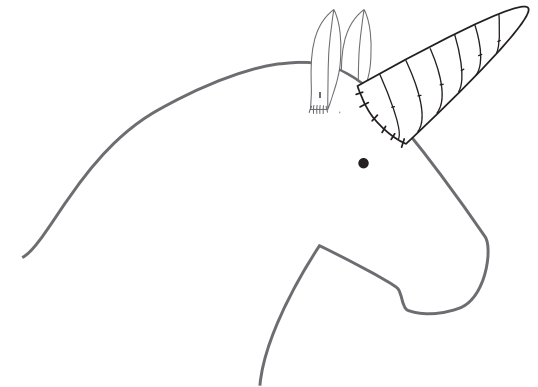

6. Sew in the circular base. Then push needle through to the top of horn.

7. Wind thread around the horn and pull tight.

8. Make small stitched over wound thread to stop it slipping off.

9. Attach to felt horse using small stitches around the base.
